

7000

The 7001 and 7003, a series of battery operated programmable weatherproof controller with built-in latching solenoid and inline valve. The 7101 and 7103 introduces our new and advanced completely waterproof controller designed especially for underground installation in valve boxes.

S/N	Product		
GAR2S1102P0	7001	7001D »	with solenoid only
GAR2S1112P0	7001	7001D »	with 3/4" inline valve BSP
GAR2S1122P0	7001	7001D »	with 1" inline valve BSP
GAR2S1112S5	7001	7001D »	with 3/4" inline valve BSP + rain sensor connector
GAR2S1122S5	7001	7001D »	with 1" inline valve BSP + rain sensor connector
GAR2S1132P0	7001	7001D »	with 1.5" inline valve + universal adaptor
GAR2S1142P0	7001	7001D »	with 2" inline valve + universal adaptor
GAR6S1102P0	7101	7101D »	with solenoid only
GAR6S2112P0	7101	7101D »	with 3/4" inline valve BSP
GAR6S2122P0	7101	7101D »	with 1" inline valve BSP

Model	7001, 7101, 7003, 7103
Controller body	ABS
Seals	EPDM
Standard	CE
Battery	9V
Working pressure	0.5-8 bar / 7-115 PSI
Thread	NPT/BSP: 3/4", 1", 1.5", 2"
